

TEMPERANCE FOLK AT OCEAN GROVE.

ELOQUENT SPEAKERS AT THEIR NATIONAL MEETING—WORKING FOR A NEW AUDITORIUM—
SINGERS FROM SILVER LAKE.

Ocean Grove, N. J., Aug. 6 (Special).—The temperance people have held sway here since Wednesday. Their national camping-meeting always includes on its programme the best speakers among the temperance workers of the day. Of them all there is no one more popular than Colonel George W. Bain. For years his has been the one name on the programme which has never been changed. He has regularly held the platform for the last two evenings of each year's meeting.

The only attraction of the week that rivaled Colonel Bain's oratory was the singing of the Silver Lake Quartet. These "reformers by song" have assisted at each of the week's meetings, and in addition gave a concert of their own Friday evening.

The project for a new auditorium is meeting with gratifying support. It will take \$30,000 to carry out the plans proposed, and some have inclined to doubt the wisdom of trying to raise such a sum at this time in view of the prevalent financial distress. They have asked that the whole subject be postponed till next year. Dr. Stokes and his associates in the Ocean Grove Camp-meeting Association feel, however, that they ought to go ahead with the work now that it is started, and the new auditorium ready for the twenty-fifth anniversary of Ocean Grove. A number of prominent laymen have started a movement for a laymen's meeting in the interest of the auditorium. The meeting will be held next Friday evening. James A. Bradley, of Asbury Park, who subscribed the first \$1,000 for the new building, will preside. Next Sunday will be "New Auditorium Day." Chaplain McCabe will be here to aid in raising funds.

The rush to Ocean Grove never comes until the beginning of the great camp-meeting, in the latter part of August, so that this place has had no real reason to join the other resorts on the coast in their complaints of a "slow" season. So many guests came in all of yesterday's trains that the local hotel-keepers and boarding-house proprietors feel much encouraged, and say that they expect as many people as ever before the close of the busy season here. An unusually large number of applications is already being received from people who want to stay here in September, after the great camping-time, which has heretofore marked the close of the season.

The Rev. Dr. J. Embury Price, of St. James's Methodist Episcopal Church, New-York, and Mrs. Price are spending the entire season here. Dr. Price is a great favorite with the auditorium audiences. He gave the Fourth of July oration and this morning preached the Ocean Grove anniversary sermon.

C. P. Huntington is a recent arrival at the Sheldon House. Professor Henry M. Harman, of Dickinson College, is to spend the rest of this month at a Grove hotel. Mrs. Bella Watson-Lexon, New-York, is an Ocean Grove guest.

Among the Carrollton's guests are J. William Black, professor of political economy in Oberlin College, and the Rev. Dr. Samuel L. Beller, Vice-Chancellor of the American University, Washington; Dr. Thomas Hanlon, the leader of the famous Ocean Grove Bible Class, distributes blank cards among the members of the class for their names and addresses. He will have the cards bound into a mammoth autograph book of his pupils.

Among the New-York arrivals are: At the Arlington—the Rev. Dr. Thomas L. Poulsen, Miss Gubner, John T. Oliver, Miss Helen D. Cheyne, George Standiford, Mr. and Mrs. W. A. Knapp, George S. Knapp, Mrs. E. Remington, Miss Remington, A. H. Remington, S. F. Dudley, Mr. and Mrs. T. E. Gracen, Mr. and Mrs. P. D. Parmenter and D. C. Reynolds.

Avon-by-the-Sea, N. J., Aug. 6 (Special).—This seaside Chautauqua has changed little, except for the better, in the matter of several improvements since last summer. The Seaside Assembly is still here, and is conducting its work more broadly than ever before.

The Rev. Charles H. Winslow is the president of the Assembly.

A NEW STEAMER IN THE ATLANTIC FLEET.

The latest addition to the fleet of the Atlantic Transportation Company is the steamship Molice, which arrived here yesterday from Belfast, Ireland. She was built by Harland & Wolff, of Belfast, and is said to be the most complete cargo boat ever built by them. She is of 5,775 gross and 3,724 registered tonnage, has twin screws, and is fitted with all the modern improvements. She will accommodate sixty cabin passengers.

THESE ARE THE ONLY ONE DOG AT THIS "DOG-FIGHT."

Fifty-seven men and a dog were arraigned before Justice Hogan at the Jefferson Market Police Court yesterday charged with aiding and abetting a dog fight Saturday night at Seventy-seventh and the North River. There Patrick Mallon keeps a grocery and liquor store combined. In the rear of his place stands a huge, rickety drama house that has been untenanted for a long time. Recently Superintendent Hankinson, of the Society for the Prevention of Cruelty to Animals, was told that on Saturday night the dog fight would come off there, and he told the police about it. Admission to the fight was by a little red ticket printed as follows:

"The Merry Two."

"August 5, 1893."

"Tickets, \$1.00."

Mr. Hankinson bought five, and went to the meeting place with four policemen in citizens' clothes, while a platoon of police secreted themselves outside the building.

The plan was all set, with all the necessary paraphernalia for the fighters, but only one dog showed up. After waiting for two hours for the other fighter, Mr. Hankinson gave the signal, and the police rushed in. The policeman who was to be the referee for the dogs and windows, but a steward policeman was at each opening. Every man in the place was arrested and locked up overnight, but was discharged yesterday. No one had taken place.

No one claimed the dog, but he was discharged with the rest and followed Mr. Mallon.

PEAKING OF HARD TIMES. If we would speak of them hard times it is because we make them so; and if everybody in the United States would get up to-morrow morning put on their best faces with their clothes, and declare that this is a good world, full of good people; everybody anxious to do right, and nothing really wrong—would feel that way for a whole day, the human atmosphere would change, and the "good" would be over. Just think of it! A country at peace with all the world, having within its own borders the most delightful climate, the most productive soil, the best crops, the richest mines, the best schools, the most virtuous and intelligent people, with Chicago and the World's Fair thrown in at all times, getting frightened out of our wits because Cleveland is President, and the Governor of Colorado talks about wading through blood up to the horse's bridle!

Now, let us get down to hard cases, and decide where we shall send our boys to school next fall; for what else may happen, education must go on. And while we are thinking of it, it might be well to send for "Pamphlet on Business Education," which the Pachard Business College is sending out free. A perusal of this interesting book will quiet the nerves, ease the pocket, and bring joy into the family. Address:
